Selection of Cities According to Economic Potential – Criteria for Initial Selection	50

NOTES ON THE SOCIO-ECONOMIC PROFILE OF FIRST CLASS CITIES

Background

Part of the deliverable of the INVEST Project for Year 2 is the submission of the socio-economic profiles selected first class cities outside of the National Capital Region (NCR) and the major cities of Cebu and Davao. In compliance with this commitment, the Project collected data for 43 indicators covering eight major areas: (1) general profile (e.g. land area, population); (2) infrastructure; (3) health; (4) education; (5) fiscal; (6) economic development; (7) governance and environment; and (8) political.

This note describes the data collected, the definition of terms and the methodology for identifying cities that may be considered for assistance by development partners.

Compilation Methodology

A. Units of Measure

1. Land Area – in hectares
2. Population – in thousands for a reference year (2007 & 2010)
3. Population increase – in percent for a reference year
4. Poverty Incidence – in percent for a reference year
5. Total Income – in pesos for a reference year (2010 & 2011)

B. Reference Periods

1. Financial Statistics – 2010 & 2011
2. Health Statistics – 2011
3. Education Statistics – 2010 & 2011
4. Census of Population - 2010
5. Poverty Statistics – 2009
6. Census of Population – 2007

C. Definition of Terms

Annex 1 provides the definition of some of the indicators used in the excel tables.

Initial Screening Process

From the initial list of 40 cities, the Project identified the cities, which could be considered growth centers for each region. This was based on the following factors: (1) the presence of economic zones or enterprises which was registered with PEZA; (2) inclusion in the 2012 list of new wave cities; and (3) inclusion in the list of government priorities per the National Memorandum Circular No. 118 of the Department of Budget and Management dated April 25, 2013. This exercise led to a further trimming down of the list of cities to just 25.

From this list of 25 cities, there was an attempt to further prioritize the cities, which have been included in at least two of the lists stated above. This led to the identification of 17 cities.

Using this list of cities, the Project identified a shorter list of indicators that could be used for assessing the potentials of the 17 cities to be recipients of ODA assistance. Four factors were considered for this exercise: (1) economic potential; (2) good governance; (3) extent of urbanization;

(4) social development; and (5) political sustainability. The following Indicators were collected for these five factors:

Economic Potential

- Competitiveness Ranking
- Number of business registrants

Extent of Urbanization

- Population
- Urban Population
- Population Density

Good Governance

- Compliance with DILG directives (e.g. seal of good housekeeping, presence of LEIPO)
- Fiscal responsibility
 - amount of income
 - Dependency to the Internal Revenue Allotment

Social Development

- Poverty Incidence
- % of Households w/ Access to water supply

Political Sustainability

- Party affiliation of the Mayor and Vice Mayor

The results of the exercise are summed in the excel tables which form part of this submission.

DEFINITION OF TERMS

Agricultural Production - the growing field crops, fruits, nuts, seeds, tree nurseries (except those forest trees), bulb vegetables and flowers, both in the open and under glass; and the production of coffee, tea, cocoa, rubber; and the production of livestock and livestock products, honey rabbits, fur-bearing animals, silkworm, cocoons, etc. Forestry and fishery activities carried on as ancillary activity on an agricultural holding is also considered as agricultural production.

Aquaculture – sector of fisheries that includes the rearing or raising under controlled conditions of aquatic products such as fish, oysters, mussels, seaweeds and other aquatic resources in sea, lakes and rivers. Examples are fishponds, fish pens and fish cages.

Banks, Commercial - any corporation which, in addition to the general powers incident to corporations, shall have all such powers as shall be necessary to carry on the business of commercial banking, by accepting drafts and issuing letters of credits, by discounting and negotiating promissory notes, drafts, bills, of exchange, and other evidences of debts, by receiving deposits, by buying and selling foreign exchange and gold or silver bullion, and by lending money against securities consisting of personal property or first mortgage on improved real estates and the insured improvements thereon.

Banks, Rural – government-sponsored/ assisted banks which are privately managed and largely privately owned that provide credit facilities to farmers and merchants, or to cooperatives to such farmers or merchants at reasonable terms and in general, to the people of the rural community.

Barangay Health Stations – the primary health care facility at the barangay level where basic health services are delivered.

City - there are three classes of cities in the Philippines: the highly urbanized, the independent component cities which are independent of the province and the component cities which are part of the provinces where they are located and subject to their administrative supervision.

Cohort Survival Rate – the percentage of enrollees at the beginning grade in a give school year who reached the final grade of the elementary level.

Employment Rate – proportion in percent of the total number of employed persons to the total number of persons in the labor force.

Financial Resources – includes local resources, internal revenue allotment, grants and borrowings.

Household - a social unit consisting of a person living alone or a group of persons who sleep in the same housing unit and have a common arrangement in the preparation and consumption of food. A person who lives alone is considered a separate household. However, a group of persons who share and take their meals together but live in separate but adjacent living quarters for convenience is considered one household.

Industry – the nature or character of the business or enterprise, or the place wherein a person works.

Internal Revenue Allotment (IRA) – the account created under PD 144, as amended, representing the portion of total national government revenues which accrue to the local governments. Includes the local government's share in the specific tax on oil products authorized by PD 436, as amended. This share has been revised under the Local Government Code of 1991 and its now termed as internal revenue allotment.

Population - total number of individuals in a territory at a specified time. It covers both nationals and aliens, native and foreign-born persons, internees, refugees and any other group physically present within the borders of a country at a specified time. In assembling national demographic statistics for publication, the basic aim has been to obtain data for the physically present (or "de facto") population rather than for the legally established resident (or "de jure") inhabitants.

Population Density - number of persons per unit of land area (square kilometre).

Population Growth Rate – indicates how fast a population increases or decreases as a result of the interplay of births, deaths, and migration during a given period of time. Where the population is closed, meaning no migration, the population growth rate is the same as the rate of natural increase, i.e., the difference between the number of births and the number of deaths during a specified period of time. The three methods for computing the rate of growth based on the assumption with respect to the change are: arithmetic change, geometric change and exponential change.

Poverty Incidence - the total income/expenditure shortfall (expressed in proportion to the poverty threshold) of families/individuals with income/expenditure below the poverty threshold, divided by the total number of families/individuals.

Selection of Cities According to Economic Potential – Criteria for Initial Selection

Step 1: List of Initial 40 First Class Cities

Baguio	Tarlac	Puerto Princesa	Naga (Cebu)	Iligan
Tabuk	Antipolo	Bacolod	Baybay	Malaybalay
Santiago	Calamba	Kabankalan	Borongan	Mati
Angeles	Lipa	Bogo	Calbayog	Tagum
Cabanatuan	Lucena	Carcar	Catbalogan	General Santos
Olongapo	San Pablo	Guihulngan	Ormoc	Bayugan
San Fernando	Sta. Rosa	Lapu-Lapu	Tacloban	Butuan
San Jose del Monte	Tayabas	Mandaue	Zamboanga	Cabadbaran

Step 2: Selection of Growth Centers by Region

Identified regional growth centers on the basis of the following:

- City has establishments/zones registered with the Philippine Export Zone Authority (PEZA)
- Inclusion in the 2012 New Wave City list of the DOST
- Identified as a priority under DBM's National Budget Memorandum 118 (April 25, 2013)

List of 25 “Growth Center” Cities

Baguio	Tarlac	Puerto Princesa	Ormoc	Mati
Santiago	Calamba	Bacolod	Tacloban	Tagum
Angeles	Lipa	Lapu-Lapu	Zamboanga	General Santos
Olongapo	San Pablo	Mandaue	Iligan	Bayugan
San Fernando	Sta. Rosa	Calbayog	Malaybalay	Butuan

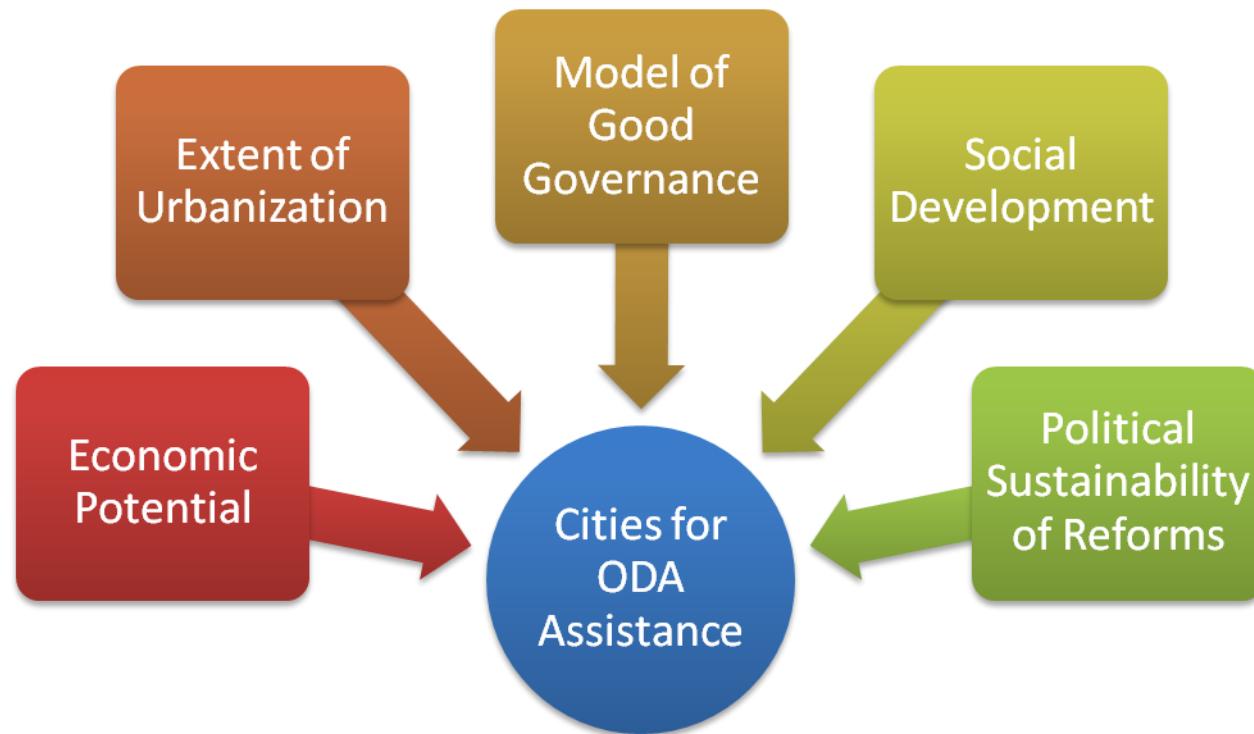

Step 3: Selection of Growth Centers Identified in Atleast 2 Priority Lists

List of 17 Cities

	PEZA	New Wave	Govt Priority
Baguio	✓	✓	X
Angeles	✓	X	✓
Olongapo	✓	X	✓
San Fernando	✓	X	✓
Tarlac	✓	X	✓
Calamba	✓	✓	X
Lipa	✓	✓	✓
San Pablo	✓	✓	✓
Sta. Rosa	✓	✓	X
Bacolod	✓	✓	✓
Bogo	✓	X	✓
Lapu-Lapu	✓	X	✓
Mandaue	✓	X	✓
Calbayog	✓	X	✓
Zamboanga	✓	✓	✓
Iligan	✓	✓	✓
General Santos	✓	✓	X

Step 4: Applied Criteria for Selection of Cities for ODA Assistance

Factors for Selection of Cities

Indicators for the Factors for the Selection of Cities

Economic Potential

- No. of Business Registrants
- Ranking in NCC Competitiveness Survey

Extent of Urbanization

- Size of the population
- Size of the urban population
- Population Density

Good Governance

- Compliance with DILG Directives (e.g. SGH)
- Fiscal Responsibility

Social Development

- Poverty Incidence
- % of HH w/ Access to Safe Water

Political Sustainability of Reforms

- Party Affiliation of the Mayor and Vice Mayor

Short-Listing of Cities according to the FIVE Factors

City	Economic Potential	
	# of Business Registrants	Ranking in NCC Competitiveness Survey
